INTEGRATED PROJECT DELIVERY ACROSS THE ENTIRE LIFECYCLE

SESEMBAY delivers construction, mining, industrial services, infrastructure, and project support for public and private sector clients — guided by a corporate culture built on integrity, technical rigor, and sustainable partnerships that drive long-term value.

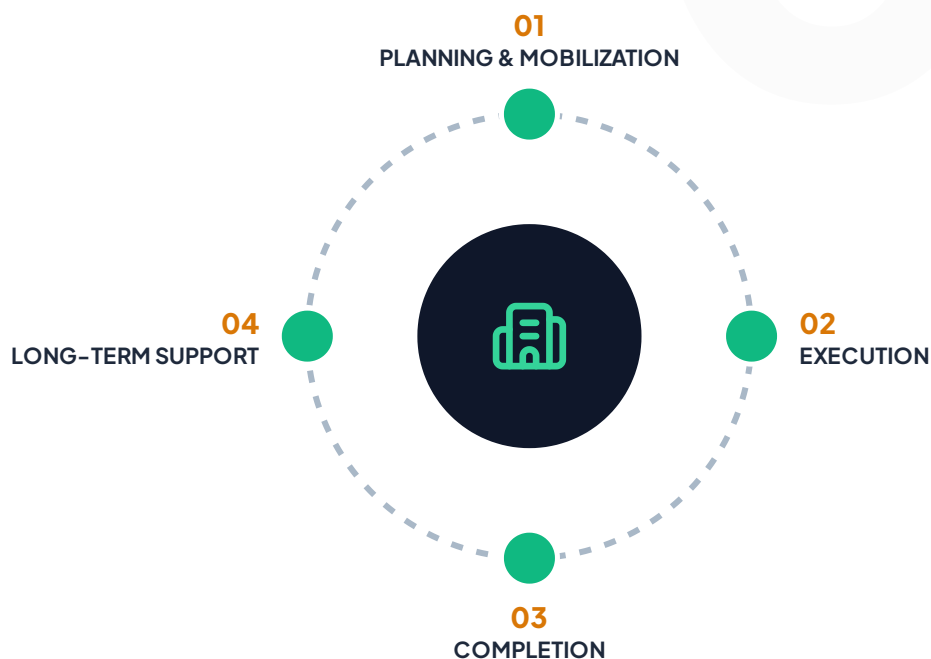

MULTIDISCIPLINARY EXPERTISE

Integrated technical and managerial capabilities across diverse engineering domains.

OPERATIONAL EXCELLENCE

High-standard operational execution and structured project management methodologies.

FUNDAMENTAL PRINCIPLES & CORE VALUES

INTEGRITY

SAFETY & COMPLIANCE

Protecting people, assets, and operations.

QUALITY ASSURANCE

Delivering consistent standards at every stage.

OPERATIONAL TRANSPARENCY

Clear, accountable communication.

ENVIRONMENTAL RESPONSIBILITY

Minimizing impact, restoring project sites.

CLIENT-CENTRIC COLLABORATION

Building solutions around client objectives.

Integrated capabilities. Disciplined execution. Sustainable value across every project phase.

SESEMBAY operates across an integrated portfolio of business sectors, including engineering and contracting, mining, renewable energy, general trading, oil and gas, agriculture, medical and pharmaceutical investment, industry and information technology, tourism and hospitality. This multi-sector structure enables the company to deliver flexible and integrated solutions tailored to the needs of projects, institutions and diverse markets.

Engineering, Design & Contracting

Integrated engineering, design and contracting services covering technical studies, quantity surveying, supervision, construction, infrastructure and project delivery.

SCOPE

- Engineering design and studies
- Buildings and infrastructure
- Engineering supervision and execution management
- Quantity surveying and technical evaluation
- General construction and contracting
- Roads, bridges and water-well drilling

Mining & Mineral Resources

Mining and mineral resources services covering exploration, extraction, processing, equipment operations, civil works and responsible site rehabilitation.

SCOPE

- Mineral exploration
- Civil works for mining sites
- Extraction and processing
- Site rehabilitation and waste management
- Mining equipment operation and rental
- HSE compliance
- Mining basins and facilities

Solar & Renewable Energy

Integrated solar and renewable-energy solutions covering design, supply, installation, commissioning, maintenance, power generation and water systems.

SCOPE

- Solar system design
- Solar water pumping systems
- Supply of panels, inverters and batteries
- Water treatment solutions
- Installation, testing and commissioning
- Utility and facility power systems
- Maintenance and technical support

Business sectors — continued

General Trading, Import & Export

Flexible trading, import, export, supply and distribution solutions serving projects, companies, institutions and diverse market requirements.

SCOPE

- General trading
- Equipment and machinery supply
- Supply of goods and materials
- Supply and distribution contracts
- Supply and distribution
- Import and export
- Procurement and supply chain

Oil, Gas & Energy

Oil, gas and energy activities encompassing supply, distribution, facilities, equipment, technical support, feasibility studies and project planning.

SCOPE

- Oil, gas and derivatives
- Depots and fuel stations
- Supply, import and export
- Equipment, workshops and support services
- Distribution and marketing
- Feasibility studies and project planning
- Pipelines and petroleum facilities

Agriculture & Livestock

Agricultural and livestock activities covering land development, crop production, irrigation, water harvesting, animal production and related processing facilities.

SCOPE

- Agricultural project development
- Irrigation and water harvesting
- Land reclamation and mechanization
- Livestock and poultry production
- Crop, vegetable and fruit production
- Meat, dairy and agri-products
- Greenhouses
- Mills and oil presses

Business sectors — continued

Medical & Pharmaceutical Investment

Medical and pharmaceutical investment covering healthcare facilities, equipment, supplies, medicines and specialized commercial representation.

SCOPE

- Medical facilities and centers
- Human and veterinary medicines
- Medical supplies and instruments
- Specialized agencies and representation
- Medical equipment and devices
- Hospitals, complexes and pharmacies
- Pharmaceutical and care products

Industry & Information Technology

Industrial and information-technology activities spanning manufacturing facilities, materials, software, automation, digital solutions, training and consultancy.

SCOPE

- Factories, plants and workshops
- Software and digital solutions
- Information systems and technologies
- Training, consultancy and feasibility studies
- Raw materials and industrial equipment
- Metal and product manufacturing
- Automation and control systems

Tourism, Travel & Hospitality

Travel, tourism and hospitality activities covering agencies, tours, pilgrimage services, reservations, accommodation, catering, events and guest services.

SCOPE

- Travel and tourism agencies
- Hotels and tourist facilities
- Domestic and international tours
- Restaurants and catering services
- Hajj, Umrah and visit services
- Event organization
- Reservations and ticketing
- Reception and hospitality

CONSTRUCTION & INFRASTRUCTURE

SESEMBAY delivers integrated construction, rehabilitation, interior fit-out, and finishing solutions for commercial, institutional, community, and private-sector facilities — combining engineering excellence with disciplined project execution.

SIGNATURE PROJECTS

A selected portfolio of SESEMBAY's completed and ongoing projects, demonstrating engineering capability, operational excellence, and a consistent commitment to delivering value across diverse sectors.

COMPLETED Successfully completed and handed over

UNDER EXECUTION Currently under execution

Projects are selected to represent the full scope of SESEMBAY's operational capability across sectors.

Gold Tailings Processing & Mining Operations

• COMPLETED

CLIENT	SECTOR / LOCATION
SUDANESE MINERAL RESOURCES LIMITED COMPANY (SMRC)	Mining & Processing Al-Qardood Gold Mine, South Kordofan, Sudan

SCOPE OF WORK
Processing of gold mining tailings under the supervision of the Sudanese Mineral Resources Limited Company, including tailings basin preparation, material handling, recovery operations, and heavy-equipment deployment.

- GOLD PROCESSING
- MINING OPERATIONS
- TAILINGS RECOVERY

Solar Water Treatment Plant

● COMPLETED

CLIENT	SECTOR / LOCATION
ADRA SUDAN — WHITENILE STATE — KOSTI OFFICE	Water Infrastructure Kosti (Abu Shareef), White Nile State, Sudan

SCOPE OF WORK
Design and installation of a solar-powered water treatment plant serving the Kosti (Abu Shareef) community, including solar array setup, treatment unit installation, and commissioning.

RENEWABLE ENERGY

WATER INFRASTRUCTURE

Assalaya Sugar Factory Solar Power System

● COMPLETED

CLIENT	SECTOR	LOCATION
Assalaya Sugar Factory	Renewable Energy	Assalaya, Sudan

SCOPE OF WORK

Installation of a solar power system to support the industrial power requirements of the Assalaya Sugar Factory, reducing reliance on conventional grid power.

RENEWABLE ENERGY INDUSTRIAL POWER

Residential & Institutional Construction

• COMPLETED

CLIENT	SECTOR	LOCATION
Alfaisal Real Estate / Private Clients	Buildings & Construction	Various Regions, Sudan

SCOPE OF WORK
Design and construction of residential and institutional buildings for private developers and individual clients across multiple regions in Sudan.

CIVIL CONSTRUCTION

STRUCTURAL WORKS

Commercial Maintenance & Rehabilitation

● COMPLETED

CLIENT	SECTOR	LOCATION
Alpha Care Trading Services	Buildings & Rehabilitation	Rabak, Sudan

SCOPE OF WORK

Maintenance and rehabilitation works for commercial facilities operated by Alpha Care Trading Services, restoring operational and safety standards.

FACILITY REHABILITATION

QUALITY COMPLIANCE

School Furniture Manufacturing & Supply

● COMPLETED

CLIENT	SECTOR	LOCATION
Educational Institutions	Educational Facilities	Aba Island, Sudan

SCOPE OF WORK

Manufacturing and supply of school furniture for educational institutions on Aba Island, produced through local manufacturing capacity.

EDUCATIONAL FACILITIES LOCAL MANUFACTURING

Humanitarian & Community Initiatives

• COMPLETED

PROJECT 07

Emergency Food Basket Distribution

Client: SOS Sahel Sudan | **Location:** White Nile State

Logistics coordination and distribution of emergency food baskets to vulnerable households in White Nile State.

HUMANITARIAN LOGISTICS

PROJECT 08

Ramadan Food Basket Distribution

Location: Al-Jazeera Aba, White Nile State, Sudan | **Supported by:** Al-Jazeera Aba Sons Association in Riyadh, Saudi Arabia

Sponsorship and distribution of Ramadan food baskets in Al-Jazeera Aba, White Nile State, supported by the Al-Jazeera Aba Sons Association in Riyadh, Saudi Arabia.

COMMUNITY DEVELOPMENT

EMERGENCY FOOD BASKETS

RAMADAN FOOD BASKET DISTRIBUTION

Agricultural Land Reclamation & Irrigation

● COMPLETED

CLIENT	SECTOR	LOCATION
Private Agricultural Sector Client	Agriculture & Water Resources	White Nile Sector, Sudan

SCOPE OF WORK

Land reclamation and modern irrigation infrastructure development to expand cultivable land and improve water-use efficiency for agricultural production.

MODERN IRRIGATION

LAND RECLAMATION

ZAIN Franchise Retail Outlet – Al-Gabalain

• COMPLETED

CLIENT

ZAIN Sudan

SECTOR

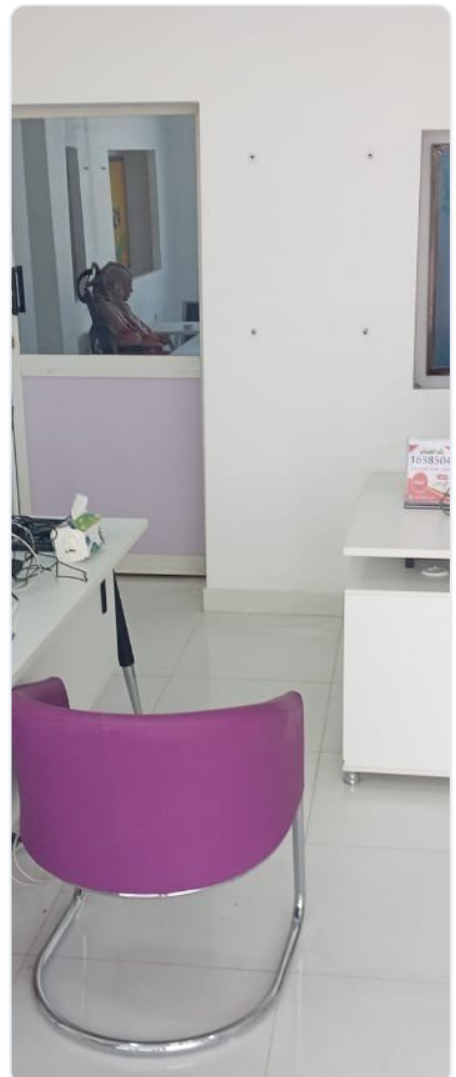

Telecommunications & Retail

LOCATION

Al-Gabalain, White Nile State, Sudan

SCOPE OF WORK

Construction and complete fit-out of a branded retail and customer-service outlet for ZAIN Sudan, including civil works, façade cladding, corporate signage, interior finishing, customer-service counters, furniture installation, electrical works, air-conditioning, and site utility connections.

RETAIL FIT-OUT

FAÇADE & BRANDING

INTERIOR FINISHING

COMPLETED FACILITY

Kalogi Old Mosque Maintenance & Rehabilitation

• COMPLETED

CLIENT	SECTOR	LOCATION
Qadeer Governorate Development Committee	Community Infrastructure & Religious Facilities	Kalogi, South Kordofan State, Sudan

SCOPE OF WORK

Maintenance and rehabilitation of the Kalogi Old Mosque under an executed contract with the Qadeer Governorate Development Committee and South Kordofan Legal Administration, including structural repair, interior finishing, and prayer hall furnishing.

REHABILITATION WORKS

INTERIOR FINISHING

RELIGIOUS & COMMUNITY FACILITIES

Al-Wahda South Mosque Construction Project

● UNDER EXECUTION

OWNER	SECTOR	LOCATION
Qadeer Governorate Development Committee	Community Infrastructure & Religious Facilities	Al-Wahda South District, Kalogi Locality, Abu Jubeiha Locality, South Kordofan State, Sudan

SCOPE OF WORK
Construction of a community mosque facility in Al-Wahda South District in coordination with the local development committee, serving the surrounding community.

COMMUNITY INFRASTRUCTURE	RELIGIOUS FACILITIES
